

EMS 243 : Capstone in Paramedicine

This course determines the preparedness of the student for work in the paramedicine field. All previous coursework will be used by the student to successfully lead an ambulance crew through all patient encounters. Students completing this course will be entry-level competent paramedics. The student will function under the direction of a preceptor and will input patient contact information into the FISDAP data collection system and scores into the Moodle database. (Su)
